

Renan Matos

Lead 3D Character Artist

renanmatos3d@gmail.com renmatsi.github.io linkedin.com/in/renan-matos-177b19130 artstation.com/renmatsi Brazil · Remote

PROFESSIONAL SUMMARY

Lead 3D Character Artist with experience delivering real-time characters for PC and mobile games. Progressed through Character Artist, Senior and Lead responsibilities at Gameplay Galaxy. Hands-on across sculpting, anatomy, garment creation, grooming, retopology, UVs, PBR texturing and engine integration, with experience mentoring artists and defining artistic and technical standards.

CORE SKILLS

Character art: Realistic and stylized characters, anatomy, sculpting, hard-surface props, grooming, garment creation, retopology, UVs, baking, PBR texturing, optimization, presentation.

Production and leadership: Real-time character pipelines, engine integration, art and technical standards, mentoring, feedback, cross-functional collaboration.

Software: ZBrush, Blender, Maya, Substance 3D Painter, Marvelous Designer, Unreal Engine, Unity, Marmoset Toolbag, Photoshop.

PROFESSIONAL EXPERIENCE

Gameplay Galaxy

Lead 3D Character Artist · Remote

Progression: Character Artist → Senior 3D Character Artist → Lead 3D Character Artist

- Lead and mentor the character-art team through clear visual feedback, production guidance and pipeline support.
- Define artistic and technical standards for real-time character production across target platforms.
- Produce characters end to end, including sculpting, anatomy, cloth, grooming, retopology, UVs, PBR texturing and presentation.
- Collaborate with art direction, animation and technical art to keep assets production-ready.

Jan 2023 — Present

PROFESSIONAL EXPERIENCE · CONTINUED

Fire Games

Jun 2022 — Dec 2022

3D Character Artist · São Paulo

- Created characters for PC and mobile games, from high-poly sculpt through the game-ready asset.
- Built stylized and realistic assets while adapting the work to project art direction and technical constraints.

Fiverr · Freelance

Jan 2020 — May 2022

3D Modeler · Remote

- Delivered custom 3D assets for international clients across games, AR/VR and animation.
- Optimized models for different platforms while preserving visual quality.

BeByte

Sep 2017 — Feb 2022

3D Generalist · Brasília

- Handled end-to-end 3D production spanning modeling, texturing, rigging and animation.
- Integrated assets into game engines and supported production teams technically and creatively.
